Re: Notice of Change of location of Annual Meeting

March 30, 2020

Dear Homeland Member:

Due to continuing concerns regarding the Coronavirus (COVID-19) pandemic, Homeland Energy Solutions LLC's Board of Directors has decided to conduct our 2020 annual member meeting electronically and is canceling the in-person portion of the meeting. The health and safety of our members, directors and employees is our primary concern. Due to restrictions Iowa has put in place regarding meetings of groups of 10 or more, which we do not believe will be lifted before our annual meeting, we will be presenting a teleconference to our members and taking the vote solely by proxy. As a result, it is important that you sign and return the enclosed proxy card so we can achieve a quorum for the annual meeting and count your vote.

To participate in the teleconference, you will need to visit https://***** and enter your email address on April 15th at 12:30 pm. If your electronic device does not have sound, you will need to call ***-***-****. You will be asked to enter a Webinar ID which is *** ** * with the password *****. You may also call in and listen only if you do not have access to an electronic device. Keep in mind that we will not have the ability to take votes through the teleconference so please submit your proxy card so your vote can be counted at the meeting. Only members of Homeland are entitled to view the teleconference and members are prohibited from sharing the teleconference login information with non-members.

The purpose of the meeting is to elect two directors to the Board. You can access information regarding the vote by visiting HES's website at <https://www.homelandenergysolutions.com/investor-information/>.

Please follow the directions on the enclosed proxy card for submitting your proxy. For your proxy to be valid, it must be **RECEIVED** by the Company no later than 5:00 p.m. local time on Tuesday, April 14, 2020.

We appreciate you understanding during this difficult time and appreciate your continued support of Homeland Energy Solutions, LLC.

Sincerely,

/s/ Steve Core
